OF

## GENERAL AND FIELD OFFICERS

### RETIRED FROM THE ARMY,

*With the Regiments from which they Retired.*

All General and Field Officers whose names are allowed to be retained in the Army List, whether they may have left the Service since or previously to the issuing of Her Majesty's Royal Warrant of the 6th October, 1854, shall send a Notification to Her Majesty's Secretary of State for War of their being alive on the 1st January and the 1st July of each year.

If such Notification due on the 1st January be not received at the War Office by the 1st April, and that due on the 1st July by the 1st October, it will be concluded that the Officer is deceased, and his name will be removed from the Army List.

# MILITIA AND YEOMANRY CAVALRY.

## Alphabetical List OF FIELD OFFICERS

### RETIRED FROM THE MILITIA AND YEOMANRY CAVALRY

*With permission to retain their Rank.*

All retired Field Officers of Militia and Yeomanry Cavalry whose names are allowed to be retained in the Army List, must send a Notification to the Under-Secretary of State for War of their being alive on the 1st January and the 1st July of each year.

If such Notification due on the 1st January be not received at the War Office by the 1st April, and that due on the 1st July by the 1st October, it will be concluded that the Officer is deceased, and his name will be removed.

## FINANCE.

### Cl. 1.—Leave of Absence—Staff and Departmental Officers.

The sixty-one days' annual leave allowed by the pay warrant to staff and departmental officers is intended to cover all leave of absence of every description. Each day's absence from duty, whether under local or superior authority, must therefore be duly recorded, and shown on the form upon which the officers' pay and allowances are drawn.

### Cl. 2.—Working Pay for Services required by the Departments.

1. With reference to Article 2 of the Royal Warrant of 4th June last (Clause 89, Army Circulars, 1870), the Secretary of State desires that it may be distinctly understood that working pay is not issuable as a matter of course for services required by the departments of the Army, but only in cases in which it has been sanctioned by competent authority (see Article 7 of the Royal Warrant referred to).

2. All minor works, such as cleaning yards, garrison guard-rooms and hospitals, filling carts with coal, carrying coal for staff officers or for guards, sweeping barrack squares, rolling roads, weeding, moving furniture for barracks dismantled, or from store houses to barracks required to be furnished, changing furniture in guard-rooms, loading or unloading carts with stores used by or intended for issue to the troops, will be considered fatigue duties; and no working pay will be allowed in such cases.

### Cl. 3.—Lodging Allowance to Regimental Officers during Leave.

1. Regimental officers in receipt of lodging allowance in lieu of barrack accommodation at home stations will, in future, if they retain their lodgings, be permitted to draw the allowance during such short periods of leave as do not on the whole exceed thirty days per annum.

2. Pending a revision of War Office Form 1112, claims to the allowance under this clause will be supported by certificates from commanding officers, showing the leave of absence taken by each officer during the year from the 1st April to the 31st March.

**ARMY CIRCULARS—continued.****Cl. 4.—Price of Cavalry Horses.**

Paragraph 2, Clause 204, Army Circulars, 1870, is suspended until further notice, so far as it relates to four-year-old horses for the Cavalry of the line. The maximum price to be paid for Cavalry horses from four to six years old will for the present be 40*l*.

**Cl. 5.—Stamp Duty on Bills.**

Bills to be drawn by contractors and other persons on account of Army expenditure, according to a form prescribed by her Majesty's orders, will on and after the 1st January, 1871, be exempt from the usual stamp duty, in accordance with the Act 33 & 34 Vict. c. 97, schedule, Bills of Exchange, Exemption 8.

**Cl. 6.—Mode of Computing Salaries, Pensions, &c., for Broken Periods.**

Attention is called to the following Treasury Circular respecting the mode of computing salaries, pensions, &c., fixed at yearly rates:—

**TREASURY CIRCULAR No. 212, DATED 1st JULY, 1837.**

The Lords Commissioners of her Majesty's Treasury have had under their notice, that a diversity of practice has obtained in regard to the mode of computing the amount due for broken periods on pensions, and other annual rates of allowance in pay; in some cases the calculation being made with reference to the number of days in the year, and in others with reference to the number of days in the quarter in which the broken period occurs. As it is very desirable that one uniform rule should be observed in this respect, their Lordships desire that in all cases where payment is to be made for a broken period upon annual rates of pay on allowance, the amount due may be calculated with reference to the number of days in the quarter in which such broken period occurs.

Quarter ending 31st March (leap year) ... 91 days.

"	30th June ...	...	91	"
"	30th September ...	...	92	"
"	31st December ...	...	92	"
"	31st March ...	...	90	"

**EQUIPMENT AND STORES.****Cl. 7.—Purchase of Stores.**

1. With reference to Article 34 of the Control Regulations dated 15th July, 1870, controllers are authorized to incur charges for the purchase of stores, under the sanction of the officer commanding, in the event of any sudden or exceptional emergency requiring their immediate supply.

2. As, however, it is the duty of controllers to keep up a proper store of articles of the regulated patterns, it is expected that the necessity for these purchases will be of rare occurrence, especially at home stations, and a monthly report must be made to the War Office explaining the reasons for the purchases.

3. Article 39 of the Control Regulations is applicable to this clause.

**Cl. 8.—Instructions for Keeping and Rendering Royal Artillery District Accounts.**

(Issued as a Special Army Circular, 19th December, 1870.)

1. One ledger only will be kept for equipments in each district office, the total charge for which the officer commanding the district is responsible, being posted in detail as the "state" on 1st April, 1871. The mode of arriving at this total, and of assimilating the nomenclature to the authorized vocabularies of stores, is shown in Form A, printed in the Appendix. The Ledger may be divided into two volumes, if more convenient for reference and posting.

2. To enable commanding officers of districts to maintain a proper account between themselves and the officers or non-commissioned officers who are responsible to them for the safe custody of the armament and stores at the several works of defence, subsidiary ledgers will be kept by each sub-accountant, as heretofore. On 31st March, such ledgers will be balanced, and forwarded to the district office for examination. Subsequently they will be returned, and succeeding transactions duly posted.

3. The Annual Return, War Office Form 1238, will be rendered by sub-accountants to commanding officers of districts as heretofore.

4. The Annual Return, War Office Form 14, will be compiled and rendered immediately after 31st March, in each year, at which time commanding officers will have

## ARMY CIRCULARS—continued.

received the subsidiary ledgers from officers and non-commissioned officers having the custody of the stores. The "total" given in the compiled return will be a verification of the district store ledger, and should agree with the "remain," on the 31st March, as shown therein.

5. From foreign stations the return on War Office Form 14 will show the following charge only:—ordnance; carriages and platforms; cartridges, empty and filled; shells and shot; powder; fuzes and tubes. The general and small stores will be omitted.

6. Transcripts of the ledgers will not be required from the home districts, or from such other districts or stations as may hereafter be determined upon, but in lieu thereof the original ledger will be forwarded (for examination) to the Surveyor-General of the Ordnance, by whom it will be returned within a few days from the time of its receipt in the War Office. From these stations the Annual Return referred to in paragraph 5 must contain a list of *all* stores in charge. The original return will be forwarded with the ledger, and will be retained at the War Office as a statement of balances for the examination of the next annual account.

7. Special attention is directed to the various regulations which require that an account, in detail, of the expenditure of stores be kept, and the necessary vouchers compiled therefrom. Full information will be given upon such vouchers, as to the purposes or services for which the stores were expended. Similar information will be given as regards materials used in manufacture or conversion, the articles so made or converted being duly brought on charge by voucher in the ledger. The expense and conversion registers will be surrendered for the inspection of the Surveyor-General whenever required.

8. The practice of making several copies of vouchers will be discontinued as much as possible. In lieu thereof a receipt and issue journal will be kept in the district office. When stores are supplied the delivery voucher relating to them will be forwarded to the officer or non-commissioned officer who receives them into his custody, by whom an acknowledgment will be given thereon, and the voucher returned to the district office to accompany the annual equipment ledger.

9. Until the 31st March next the present system of store accounts will be continued, and ledgers for the year ending 31st March, 1871, will be surrendered for examination as soon after that date as practicable.

10. With reference to Article 151, Equipment Regulations 1870, officers commanding Royal Artillery districts will cause the stock of stores in charge of their several sub-accountants to be verified whenever a change of accountants takes place, and at other times when they may deem it requisite to do so. Should the actual stock of stores not agree with the ledger charge, a report will be made to the Surveyor-General of the Ordnance, accompanied by a list showing the articles surplus or deficient, and any explanations that can be given to account for the same.

11. Commanding officers of districts will make such arrangements for the division of their store charge as local circumstances render advisable, but it is essential that the number of sub-accountants be limited as much as possible.

12. The stores alluded to in paragraphs 9 and 10, Clause 81, Army Circulars, 1870, will, instead of being accounted for to the district controller, be accounted for by the officer commanding, as formerly, but on a separate ledger, from the equipment accounts.

13. No change will be made in the mode of accounting for barrack and hospital stores which will be dealt with on inventory as at present.

14. The instructions given in Clause 81, Army Circulars, 1870, should be complied with before 31st March, 1871, in order that the equipment accounts commencing 1st April, 1871, may be confined to the regulated equipment.

15. Such of the Regulations in the Artillery General Regimental Order No. 443, of the 20th March, 1861, as are not consistent with those now promulgated will be considered as cancelled.

### Cl. 9.—Issues to Drafts moving from one Station to another.

1. The instructions given in the Equipment Regulations (Articles 146 and 147) to account regimentally for all articles issued for the use of the troops do not apply to those issued to drafts of corps moving from one station to another.

2. Any stores (whether ammunition or articles of a general nature), supplied for the use of drafts or detachments of corps proceeding from one station to another, will be regularly issued (on the authority of the controller on the spot), by the commissary to the officer in command of such detachment.

3. The controller, on ordering such supply to be made, will, at the same time, send a duplicate memorandum of the stores issued, to the controller of the district to which such detachment is proceeding.

## ARMY CIRCULARS—continued.

4. The controller, on receiving such document, will take care to watch the transaction, and, in the event of the destination of the troops having been changed, will pass the memorandum to the controller concerned, or in the event of unusual delay, will report the same to the War Office.

**Cl. 10.—Articles on Local Charge.**

1. On receipt of this Circular, all articles (except barrack stores) held on local charge by corps, will be transferred to them by the commissaries of the several stations at which local accounts are kept, and the articles will be brought on the equipment ledgers of regiments or corps concerned. The local accounts will then be balanced, and surrendered with the next account, to the War Office by the controller.

2. No stores on regimental charge are to be transferred from one corps to another, except through the books of the nearest commissary, and only then on the approval of the general officer commanding, obtained through the controller.

3. An Annual Statement of Stores, the property of the War Office, held on deposit by Museums and Institutions, will be rendered to the local controller by the custodian of such property, on the form printed in Appendix, and this return will be surrendered with the commissary's accounts of the district in which such stores are held.

4. W. O. Circular 868 is hereby cancelled.

**Cl. 11.—Machines for filling Cartridges.**

1. Caffin's machines for filling cartridges, having become obsolete, will no longer be supplied to her Majesty's ships; and any that may be in store, at home or abroad, will be returned to Woolwich as opportunities offer.

2. Those on board ships will not be withdrawn until they can be landed at a home port.

**Cl. 12.—Staff Serjeants' Arms and Accoutrements.**

(Issued as a Special Army Circular, 7th December, 1870.)

\* 1. The following non-commissioned officers of the Garrison and Coast Brigades, Royal Artillery, are alone entitled to receive staff serjeants' arms and accoutrements as laid down at page 118 of the Equipment Regulations, 1870:—Serjeant major, quartermaster serjeant, trumpet major, assistant gunnery instructor.

2. In some brigades the 2nd assistant gunnery instructors wear staff serjeants' appointments, but they will not be continued to their successor.

3. In regiments of Infantry, the non-commissioned officers who are entitled (under the Equipment Regulations, 1870, pp. 120—122), to staff serjeants' arms and accoutrements, are as follows:—Serjeant major, quartermaster serjeant, serjeant instructor of musketry, bandmaster, paymaster serjeant, hospital serjeant, orderly room clerk, band serjeant, drum or bugle major, serjeant armourer, serjeant cook, master tailor.

4. The arms and accoutrements of the master tailor as a serjeant will be appropriated to the lance serjeant doing his duty. One set of arms and accoutrements for rank and file is therefore to be deducted from the general total for the set so appropriated.

**Cl. 13.—Harness and Saddlery.**

1. Harness bridle heads in possession of the Royal Artillery and the transport branch of the Army Service Corps will be converted by regimental artificers to the new pattern, according to a sample, which will be sent to each battery and company, by the controller, Royal Arsenal, Woolwich. This conversion will be carried out without the expenditure of any new material, buckles excepted, which will be supplied on demand, by the Control Department.

2. Officers commanding batteries of Royal Artillery, and companies of the transport branch of the Army Service Corps, will take care that the loin straps are not removed from the breechings of the harness.

3. All numnahs will, in future, be supplied without canvas covers, and those in possession of the mounted services will be altered by the regimental artificers, without charge, on receipt of a pattern which will be sent to each corps by the controller, Royal Arsenal; the canvas removed from the numnahs being in part used in the place of leather, to make the conversion required.

4. The bridle heads and numnahs issued as samples will be retained by corps to meet future requirements.

**Cl. 14.—Spurs.**

1. Inconvenience having arisen in consequence of spurs being classed as accoutrements, these articles will in future be supplied by the Director of Clothing.

2. Commanding officers of corps will, on receipt of this order, remove from their ac-

**ARMY CIRCULARS—continued.**

coutrement returns the spurs alluded to, and bring them on charge in the clothing statement of the current year.

3. A pair of spurs will be supplied free to all recruits joining Cavalry Regiments, Horse Brigades, the Riding Establishment Royal Artillery, the Mounted Branch of the Army Service Corps, and to the mounted men only of Field and Garrison Brigades Royal Artillery, and the Royal Engineer Train.

4. Spurs will be required to last five years, and the rowels will be renewed when necessary at the expense of the men.

5. Spurs that have been five years and upwards in wear will, if condemned as unserviceable by a Board of Survey, be replaced at the public expense, and the old spurs will be retained by the men.

6. Spurs in possession of non-effectives, or transfers from mounted to dismounted services, that have not been five years in wear, will be taken into the regimental stores and retained for re-issue to recruits, or transfers from dismounted services, for the further period of wear required of them. Transfers from one mounted service to another will take their spurs with them, and the date of issue will be shown in the transfer clothing statement, W. O. Form 32.

7. The date of issue of the spurs in possession of each man will be shown against his name in the annual nominal clothing roll, which accompanies the clothing statement in the same manner as is prescribed for cloaks and great coats.

8. Future demands for the issue and exchange of spurs, together with all correspondence on the subject, will be addressed to the Director of Clothing, Royal Army Clothing Depot, Grosvenor Road, S.W.

9. Spurs will be struck out of the lists in Arts. 25—28 of the Equipment Regulations dated 11th September, 1870.

**FUEL—UNMARRIED SOLDIERS' QUARTERS.**

**Cl. 15.**

The following scale of warming fuel for unmarried soldiers' barrack-rooms, constructed for less than twelve men, is authorized with reference to the Appendix to Clause 120, Army Circulars, 1870 (page 25).

*In Winter months—*

For rooms occupied by	{	From 1 to 5 men ... 18½	rations of coal	} daily.
	{	" 6 " 9 " ... 28	" "	
	{	" 10 " 11 " ... 37	" "	

*In "intermediate" months, one-half the above rates.*

**RETURNS.**

**Cl. 16.—Returns of Requisitions for Transport.**

The return now rendered on W. O. Form 944 of requisition certificates, or other authorities issued for the transport of troops or stores, may be discontinued.

**Cl. 17.—Returns—Control Department.**

Clause 151, Army Circulars, 1869, is hereby cancelled.

**Cl. 18.—Monthly Return of Barrack Damages.**

(Issued as a Special Army Circular on 16th December, 1870.)

1. Commanding Royal Engineers will in future furnish monthly returns on War Office Form 679, showing the amounts payable by the troops for barrack damages to buildings and fixtures. They will also furnish, as early as possible, similar returns for the period from the 1st April to the 30th November last.

2. The envelopes will be marked in the left-hand corner "Inspector General of Fortifications, Barrack Damage Credits."

**SUPPLY OF ARMY CIRCULARS TO GARRISON INSTRUCTORS.**

**Cl. 19.**

Extra copies of the Army Circulars and list of changes in stores, &c. will in future be sent to general officers commanding to enable them to issue copies to each garrison instructor.

(Signed) EDWARD LUGARD.

### G.O. 1.—Staff.

(Specially issued 12th December, 1870.)

Her Majesty has been pleased to appoint Lieutenant-Colonel and Brevet-Colonel J. F. M. Browne, *C.B.*, Assistant Adjutant-General, Royal Engineers, to be Deputy Adjutant-General to the corps from the 1st January, 1871, *vice* Brevet-Colonel the Hon. H. F. Keane, whose period of staff service will expire on the 31st December, 1870.

### G.O. 2.—Staff College.

I. The following regulations regarding the examination of officers who may be candidates for admission to the staff college in February, 1872, are published for general information.

There will be vacancies for 20 officers, 5 of whom may belong to the Royal Artillery, and Royal Engineers, provided they are among the 20 highest on the list.

The qualifications requisite for admission are—

- (a). A service of not less than five years, previous to examination, exclusive of leave of absence.\*
- (b). A certificate from his commanding officer, that the candidate is in every respect a thoroughly good regimental officer.
- (c). A confidential report (in answer to specific questions) regarding the character, habits, and disposition of the candidate, and his general qualifications for employment on the staff. These questions are to be confidentially answered by a board, consisting of the commanding officer and the two next senior officers of the candidate's regiment.
- (d). A certificate that the candidate, if not a captain, has passed the examination for a troop or company.
- (e). A medical certificate of good health and fitness for the active duties of the staff.

These certificates should, if possible, accompany the officer's application; but if they are not received at the Horse Guards by the 31st July with a satisfactory explanation of the delay, the officer's examination will not be reported on by the Director General of Military Education.

Every candidate, before being admitted to the entrance examination, will, if practicable, be attached for a month to the staff of a general officer commanding a brigade or

\* This is not to apply to the usual leave of absence annually granted to officers.

## GEN. ORDERS—continued.

Division, who at the expiration of this period will report confidentially upon the candidate's general fitness for staff employment.

Every application to study at the staff college must be made whilst the officer making it is present and serving with his regiment, through the commanding officer. No application from an officer on leave will be entertained.

## HOME STATIONS.

II. Officers serving in the united kingdom, who are desirous of entering the staff college, will be examined in London on the 20th July next, and following days.

Commanding officers of Royal Artillery, and Royal Engineers, and of regiments and depôts of Cavalry, Guards, and line on the home station, will forward to the Adjutant General, through the usual channel, for the consideration of the Field Marshal Commanding-in-Chief, the applications of such officers as wish to compete for admission, together with the necessary certificates.

Applications should be sent in not later than 15th June; after which date, the officers approved of by his Royal Highness, will receive from the Director General of Military Education the rules to be observed at their examination.

## FOREIGN STATIONS.

III. Candidates wishing to be examined at foreign stations, must send in their applications, so that they may be received at the Horse Guards, on or before the 1st of May.

The examination papers will be sent out for those officers only whose applications shall have been thus received.

IV. The examination will commence on the 20th July, or as soon after that date as the examination papers shall be received from the Director General of Military Education; but no examination can be allowed to commence after the 15th August.

A board of officers will be appointed at the most convenient station of the district, by the general officer in command, and will consist of three officers; one of them to be when practicable, a staff officer, having the rank of field officer, and the other two, if possible, not under the rank of captain. One of these officers will belong to one of the scientific corps, where any such officer can be obtained.

The questions are to be answered in the presence of the board.

The board will give to each candidate a number, which he will affix to each of his examination papers, instead of his name. He will retain the same number throughout the examination.

The board will give to each candidate a paper of the printed examination questions on each subject, at the time specified for the examination in that subject.

The candidates will write their answers to the questions in the presence of the board, and their papers, together with the printed examination questions, will be collected at the hour appointed, and made up into a packet, which will be sealed before being taken from the examination room.

The board will, immediately on the conclusion of the examination, forward the papers of the candidates to the general officer commanding, for transmission to the Director General of Military Education, accompanied by a certificate that the candidates obtained no assistance from books, or help of any kind, in their examination. The board will, at the same time, forward the names of the candidates, corresponding with their index numbers in the examination, in a separate envelope, for transmission to the Director General of Military Education.

V. The following will be the order of the examination:—

## GEN. ORDERS—continued.

VI. The examination in Military History and Geography will comprise the following subjects, as stated in G.O. 87 of 1870, viz:—

1. The campaign in Bohemia in 1866.

Candidates will be expected to have an accurate knowledge of the geography of the east of war.

2. The general principles of war, *text books*, Jomini "L'art de la guerre." Hamley "Operations of War."

VII. There will be, in all cases, an interval of not less than one hour between the two periods of examination on each day.

The papers will be collected at the appointed hours by a member of the board. Any candidate, however, who may have finished his examination paper on any subject before the hour named, may deliver it into the hands of a member of the board.

Candidates will bring their writing and drawing materials, instruments, &c., and also the tables of logarithms they are in the habit of using. No other books or notes of any description will be allowed to be used.

No communication whatever will be allowed between the candidates at the examination.

VIII. Officers commanding regiments abroad are at once to transmit to the general officer in command, in sufficient time to allow of its reaching the Horse Guards on or before the 1st May, a return of the officers desirous of competing, together with a medical certificate of good health, and fitness for the active duties of the staff. Such officers will then be ordered to join for examination at head quarters, or at any other places which may be selected for the convenience of those at the more distant stations.

IX. General officers commanding at foreign stations will place no restrictions upon officers competing, further than the exigencies of the service may absolutely require. It will be understood that the rule by which only one officer can be spared from a battalion at a time, for the purpose of studying at the staff college, does not apply to candidates from battalions which have officers now at the college, but whose course of study will terminate in December next.

X. General officers commanding at foreign stations will select the hours for the examination which are best suited to the climate and circumstances of the country, taking care, however, to conform strictly to the number and distribution of the hours, as detailed in the foregoing regulations.

XI. On the completion of the examinations, general officers commanding will transmit the candidate's papers to the Director General of Military Education, War Office, Pall Mall, with the least possible delay, in order to enable officers from distant stations, who may be successful in the competition, to join the college early in the following February. They will at the same time forward to the Adjutant General a return of the officers examined, with their certificates, as required by the regulations.

XII. Officers serving abroad, who may be successful candidates, will be allowed the regulated passage-money home, on joining the staff college.

XIII. The names and examination-numbers of the candidates who are successful in the competition, as well as of those who prove themselves qualified, but for whom there are no vacancies, and the examination-numbers alone of candidates who fail, will be published immediately after the reports of the examiners have been received by the Director General of Military Education, with the total number of marks gained by each candidate, and his place on the list.

XIV. Candidates are recommended to obtain the reports of past examinations for admission, with copies of the examination papers, published by Messrs. Taylor & Francis, Red Lion Court, Fleet Street, London.

### G.O. 3.—Posting of Officers.

When applications are made to the Adjutant General for the exchange of an officer from one battalion to another of the same regiment, certificates are to be transmitted showing "that they do not intend to sell out or retire upon half pay after effecting such exchange, but that it is their bona fide intention to join and do duty immediately, the leave of absence which may have been granted to either or both being cancelled by the exchange."

### G.O. 4.—Embarkations.

I. Officers in charge of drafts embarking for India, are to be furnished by commanding officers of depôts with nominal rolls, showing the *date of enlistment* and *present age* of all non-commissioned officers and men composing their respective detachments. These rolls are to be handed to the officer superintending the embarkation of the troops, who will be held responsible that all changes that may have occurred since the drafts quitted the depôt, are duly inserted therein, and that they are then delivered to the general

## GEN. ORDERS—continued.

officer commanding the district for the purpose of being forwarded to the Adjutant General of the Forces, at the same time as the embarkation returns, with the numbers shown in which they must exactly correspond.

II. These nominal rolls are to be in addition to, and independent of, all other reports and returns prescribed by existing regulations.

## G.O. 5.—Staff College.

The subjoined list of officers who have passed the final examination of the Staff College is published for the information of the Army:—

## G.O. 6.—Accoutrements.

In time of peace the oil bottle will be carried, empty, either in the ball bag or valise, as the case may be—the oil being retained in the barrack room and issued as required.

On service the oil bottle is to be kept filled.

## G.O. 7.—Prisoners.

I. In all cases when it is desirable to remove prisoners under sentence of court-martial for the purpose of embarking with their regiments or drafts for foreign service, application is to be made to the Adjutant General.

II. The application is to contain full particulars of each man's age, service, offence and sentence, and should be forwarded in sufficient time to allow of the necessary arrangements being carried out for such removal.

III. These soldiers are to be treated as prisoners until the sailing of the vessel in which they embark.

## G.O. 8.—Schools.

A copy of every soldier's certificate of education is to be entered in his pocket ledger, — in the proceedings of the regimental board on discharge, — and the possession of it noted on his parchment certificate.

By command,

RICHARD AIREY,

Adj. Gen.

*Have long held pre-eminent rank, as may be seen from the following Reports:—*

**SIR WILLIAM ARMSTRONG, Inventor of the Armstrong Gun,**  
 says:—

9, Hyde Park Street, W., 14 November, 1861.

"The Chronometer Watch you made for me in December, 1859, has never been affected by travelling or riding, its variation at the end of a year was only 45 seconds. It has proved in every respect a most satisfactory Watch.

"To M. F. DENT, 33, Cockspur Street.

"W. G. ARMSTRONG."

**THE ASTRONOMER ROYAL, Greenwich Observatory, reporting in 1829 on the celebrated trial, when nearly 500 Chronometers were tested, says:—**

"Your Chronometer, No. 114, is entitled to the First Premium. Actual variation in the year 0.54 hundredths of a second. This is superior to any other yet tried.

"MR. DENT.

"J. POND, Astronomer Royal."

**THE RUSSIAN IMPERIAL ASTRONOMER, M. STRUVE, of St. Petersburg, reporting upon 81 Chronometers tested by the Russian Chronometrical Expedition, says:—**

"The Dent Chronometers have held first rank in a brilliant manner. They contributed, beyond dispute, the most effectually to the exactitude of the result.

"M. STRUVE."

*By Command of the Emperor the Russian Gold Medal of the highest order of merit was presented to Mr. DENT.*
